That said, CORPORATE AMERICA WILL NOT STOP UNTIL THEY ARE 100% CORPORATIZED NAZIS - because Uncle Sam infected the U.S. with over 200 NAZI SCIENTISTS and MURDERING PHYSICIANS at the end of WWII, and secreted them by compartmentalizing them into the military industrial complex, with social security cards, and put on Uncle Sam's payroll. However, these NAZIS had learned from der Fuhrer and secreted themselves away from even the military industrial complex so that even Eisenhower couldn't find them anymore, and guess who is going to cause the next BIG FALSE FLAG? These hidden NAZIS inheritors of their new nation citizenship, a scathing DISGRACE to all Americans, will cause the next field of war mongering to move to outer space - - because making money to fund the cost of running over 900 military bases globally is not lucrative enough profit from "the war on terrorism." THE TOO BIG TO FAIL CORPORATE AMERICA - ARE ENEMIES OF THE U.S. GOV, THE AMERICAN PEOPLE AND THE DESTINY OF THIS REPUBLIC.

As a teacher who went on strike because my school district fired pregnant teachers - because they were pregnant - I realize that unions protect workers from law breaking employers. At a time in our country when income disparity continues to widen, now more than ever, we need protections for people to stay among the middle class and not become part of the growing underclass of low income citizens in our country; people that work hard 40 plus hours a week and still don't have enough money to pay the mortgage or put healthy food on the table and are not even allowed to take time off to care for a gravely ill child. Folks that work hard to give their children a decent life should have the protection and benefits they need on the job.

As concerned citizens living in Wheaton,IL(60187) we are asking that the NLRB should not rescind the 2014 election rules. The NLRB's core mission is to protect employees' right to freely vote in a union election, without delay, obstacles or employer interference. Any changes should remove not add more obstacles that stand in the way of workers' freedom to vote to unionize. Removing these rules would definitely harm workers rights to unionized.

Again these rules, under any circumstances, should not be changed or rescinded.

Thank you,

David C & Nancy L Jinks
